TELSTAR GARNERS TITLE IN STATE "B" SKIING

Telstar Regional High School walked off with the top honors in the S. P. A. sponsored Class "B" Ski Championships held in Bethel and Locke Mills Friday and Saturday. Champion Telstar scored 388.263 points, second place Livermore 384.646, followed by Port Kent 358.002, Central Aroostook 356.598, Fryeburg 349.233, and Madawaska 326.047.

Championship ski teams are not unusual at Telstar although only a year ago after defeating Livermore in both the M. V. C. and Western Maine "B" Championships, Telstar finished second little more than a half point behind Livermore for the State title at Fort Kent. Livermore unseated Telstar two weeks ago as the Western Maine "B" Champion in a meet held at Livermore's Spruce Mountain, but last week end it was all Telstar as the Rebels won three of the four events and the state "B" title.

Telstar's Kevin Trinward was a double winner at Mt. Abram Friday as the Rebels took the lead at the half way point. Trinward won the single run giant slalom down the Middle-X trail in 61.5 seconds better than 1.8 seconds ahead of Hiram Adelman of Central Aroostook.

During the afternoon slalom Trinward proved to be too much for the field of competitors to handle as he swept the two run event with times of 34.9 and 35.3 seconds for a total time of 70.2. Livermore's Peter Merriam was a distant second at 72.2 seconds.

Saturday's events opened with Telstar having to face Livermore's cross country team, a team that had knocked off every class "A" team they had faced in this event during the season. Livermore kept their record clean by walking off with the top three spots with Peter Merriam the event winner at 23 minutes 33 seconds. Merriam was followed by teammates Charlie Neidner and Mark Wagner.

Events moved to Swan's Corner for the jumping during the afternoon. Telstar sophomore Doug Brooks undefeated in jumping this season, proved to be a worthy champion as he outclassed the field with jumps of 105, 102, and 104 feet, and amassed a total of 155.00 points.

COMMENTS FROM THE OFFICE OF THE TOWN MANAGER

There have been several applicants for the position of sewage system operator. All have been local people. We hope to make a selection and have the person working April 1.

The contractors on the sewage system plan to speed up their operations soon after slowing down for the winter months. The plant is to be functioning in June.

There have been people questioning us as to what the supplemental taxes listed in the town report meant. These are taxes missed or assessed to the wrong person when the regular taxes were computed. They are not necessarily unpaid. In fact, those in our report, for the most part, are paid. Each year we have these lists as it is impossible to compile a perfect original commitment.

The office is working on guidelines to be used for welfare cases. There is a trend throughout the state to adopt some kind of rules for the administrator to follow, also the recipient will know what is expected of him.

BETHEL ELECTION —ANNUAL MEETING TO BE HELD NEXT MONDAY

Polls will be open shortly after 10 o'clock next Monday morning, March 5, and close at 6:00 p. m. for voting in the annual Bethel municipal election.

Contests are slated in the race for a two year unexpired term on the board of selectmen/assessors. The vacancy was occasioned by the resignation of Avery Angevine last fall. Candidates for the dual position are Dana Bean, Bradley Barker and S. Ross Timberlake. Incumbent Samuel Timberlake is unopposed for the three year term as selectman/assessor.

John C. Anderson and Brian Stowell are seeking election to a one-year unexpired term on the S. A. D. 44 board of directors. The vacancy is a result of the resignation of William Cousins in September. The interim director, Mrs. Loretta Merrill, named by the Bethel selectmen to serve until the annual meeting, did not seek election for the one year remaining. For the two three-year positions on the S. A. D. 44 board from Bethel, incumbents Clarence Remington and John K. Brown are unopposed for reelection.

Robert L. Davis is unopposed as a candidate for reelection to the one year term as fire ward.

Following the balloting on elective officials during the day, the business meeting will be held at the Telstar Regional High School Auditorium starting at 8 o'clock Monday evening.

The specimen ballot for election and the warrant for town meeting may be found on Page Three.

WISCASSET LEADS GOULD BY NINE IN WESTERN MAINE "D" FINAL LAST SATURDAY

Dan Brewer, working off the boards against three players taller than himself scored a game-high 16 points to lead cool, disciplined Wiscasset High to a 41-32 victory over Gould Academy in the Western Maine Class D Tournament finals at Edward Little High in Auburn last Saturday afternoon.

The victory set up a rematch of last year's State "D" final with Jonesport-Bears 61-42 winner over Shead Memorial of Eastport in the Eastern small school tourney finals. That rematch will be held Saturday afternoon at the Augusta Civic Center.

The scrappy Redskins spotted Gould a 2-0 lead on Bill Hawks' basket, then retaliated with two buckets by Brewer and one by Mike Ponteau for a 6-2 lead it never relinquished.

Gould's tall front line of Hawk, Charlie Ault and Joe Alligett was strong off the boards, but had a hard time controlling many rebounds because the Redskins kept nailing in hands to knock the ball away.

Wiscasset led after the first quarter, 12-8.

With Wiscasset on top 12-10 early in the second period, Dan Grover, Ponteau, and Ernie James scored consecutive baskets to stretch the lead to 18-10, the Redskins' largest margin of the first half.

Wiscasset, top-seeded after a 16-2 regular season record, held a 21-14 halftime margin and increased its lead to 33-22 after three quarters.

Hawk and Alligett each scored to open the final period, narrowing the gap to 33-25 with five minutes to play. Grover threw in a long jumper with 4:57 to play, Wiscasset's first points of the final eight minutes, to bring the lead back to nine points.

While Brewer was getting help from the James boys off the boards, it was the guards, Grover and Ponteau, that made the team click. Grover set up the disciplined offense, while not being afraid to take the shot when he had it.

Brewer was named winner of the John McKeena Trophy as the Class D Tourney's outstanding player-sportsman.

INTEREST IN QUILTING CLASSES IS HIGH

Mrs. Nell Valentine, of Bethel, assisted by Mrs. Clare Smith also of Bethel, is conducting a series of weekly quilting classes in Bethel, Rumford and South Paris, with an enrollment of 64 ladies whose interest and enthusiasm has been very keen and rewarding. They have learned the beauty of the age-old art of quilt making in its many styles and patterns from ancient

times to colonial times and of "quilting parties" in New England.

She has taught them many stitches and tricks of fine sewing as well as drafting, cutting and sewing of their own patterns, assembling a quilt and quilting it. Quilts are of many kinds, the crazy quilt, patchwork, pieced quilt, laid-on or applique, and the quilted quilt which can be beautiful with its piecing and quilting designs in the finest of stitches. They have also done trapunto, an Italian art of stuffing the quilted design.

There have been some beautiful quilts, which are family heirlooms, exhibited at different meetings, and

times to colonial times and of "quilting parties" in New England.

The idea of the quilting classes came from the establishment of the Maine Craft Cottage, South Paris, Route 26, in "The Pack Rat" building. Sponsored by the Oxford County Extension Service, this facility provides an outlet for Maine people who do hand work at home.

TAXPAYERS FINDING SECOND VENUE SHARING QUESTION FEDERAL FORM

Are you having a problem answering the second question on Revenue Form 1040A? A number of taxpayers are finding that the IRS is not counting them twice.

The large volume of calls about the 1040A tax form, is of concern to Whitney L. Wheeler, District Director of Internal Revenue for Maine.

Here's the way the second question reads: "Enter the number of persons on line 10 who (1) are filing returns of their own, or (2) did not live at your principal place of residence at the end of the year." According to Director Wheeler, there are two purposes for the question. One is to make sure people are counted twice. The second is to ensure citizens are counted in the

—William Feather

correct geographic area. The tax form information will be used along with other data to determine the amount of revenue sharing the Federal Government will disburse to local government next year.

Director Wheeler suggested taxpayers enter in the appropriate box either the number of persons included on line 10 of their tax return who are filing a separate return of their own, or the number who are listed on the return who did not live with the taxpayer on Dec. 31, 1972. If a dependent fits both categories, Director Wheeler explained he or she should be counted only once.

To further clarify the point, Director Wheeler explained, "If a husband and wife filed a joint return, but one of them lived in a different household as of December 31, their joint return should list 1 in the appropriate box."

"Dependents who lived away from home as of Dec. 31 should be counted in the box on Revenue Sharing," continued Director Wheeler in his explanation. "However, taxpayers should not include dependent students away at school on that date who normally live with the taxpayer or the balance of the year."

The IRS Director suggested that taxpayers who were still unclear on the question should contact their nearest IRS office.

MARCH IS RED CROSS MONTH

The Red Cross is one of the nation's volunteer organizations. Services provided by the Red Cross are many.

Disaster services provide mass care in assisting individuals and families with immediate needs of food, clothing and medical aid.

Last year Red Cross emergency funds were used up due to the National disasters experienced. Hurricane Agnes alone was a disaster where many victims were helped by the Red Cross.

Their blood program provides one-half of the nation's blood requirements.

Major breakthroughs in Red Cross Blood Research were made. The organization operates a computerized rare donor service.

Confidential services to members of the armed forces, veterans and their families.

Teaching safety programs as First Aid; swimming lifesaving; advanced First Aid; courses are given to policemen, firemen, businesses and industries.

Plans are being made for the Bethel Swimming Course this year for four weeks instead of three, the week after school closes.

Red Cross depends primarily on individual contributions.

PEOPLE DISABLED BEFORE 22 CAN RECEIVE BENEFITS UNDER NEW SOCIAL SECURITY LAW

Under a change in the social security law, monthly benefits can be paid to adults who were severely disabled before age 22, starting in January according to John M. Beale, social security district manager in Lewiston.

Previously, "childhood disability" payments could be made only to qualified adults who were severely disabled before age 18. Social Security now pays \$30 million a month to 300,000 people 18 and over who were severely disabled in childhood. Monthly payments are made to severely disabled adult sons and daughters of workers getting retirement or disability benefits from social security — and of deceased workers whose families get social security survivors benefits.

"The new law extends the age for qualifying," Beale said, "because people who become severely disabled between 18 and 22—like those disabled when younger—generally haven't had the chance to work long enough under Social Security to get disability benefits on their own work records."

"If they become able to work," he said, "their social security payments stop. But if they become severely disabled again within 7 years of the time they became able to work, the new law provides that payments can be resumed."

POINT TO PONDER

Have we too much freedom? Have we so long ridiculed authority in the family, discipline in education, rules in art, decency in conduct, and law in the state that our liberation has brought us close to chaos in the family and the school, in morals, arts, ideas and government? We forget to make ourselves intelligent when we made ourselves free.

1973 PYTHIAN CANOE MARATHON TO BE HELD JUNE 2 IN ELLIS RIVER VALLEY

The Second Annual 1973 Pythian Canoe Marathon will be held Saturday, June 2, in the Ellis River Valley. The full day of fun for young and old will again be sponsored by the Knights of Pythias, Oxford Bear Lodge #54, Pythian Sisters, and Pi Delta Pi, all of Hanover.

Last year's event, although drenched by rain, was full of excitement and laughter. Enthusiastic viewers with ages ranging from 95 to two months, witnessed the event. There was a crowd of over 400 people at the start of the race. Roads and bridges were lined with cheering people. Truly, the sponsors did not expect to raise such a response but were very pleased to serve the surrounding communities with a little enjoyment.

This year's theme for this extraordinary event is "A day in the life of the Mystical Ellis River Indians." Although local historians will probably point out the exaggerated authenticity of such a tribe, the three Pythian Orders have chosen this theme to exemplify the historical past of this unpolluted valley.

The entire event will be placed in the memory of Brother Ned "Doc" Stuart during the opening exercises at the South Andover Covered Bridge. The late Brother Stuart was a life member and had obtained the Golden Spur, the highest rank a Knight of Pythias can obtain for service, leadership, attendance, etc. to his fraternal order.

"Doc," being a member of both Cabot Lodge of Hanover and Oxford Bear Lodge of Hanover, was certainly well known and respected within the surrounding communities. In many cases he was known as "Mr. Pythian."

Tickets will soon be available from any Hanover Pythian for the 15 foot fiberglass canoe from Snow's Marina, Norway. The canoe will be awarded on June 2.

Mrs. Robert L. Blake and Teri and Mrs. Charles D. Merrill and Judy are spending some time visiting places of interest in Florida.

CO-OP CORNER

by Surt Rodman

Joy Scollie, a junior at Telstar, is a chef at Lodgeview Nursing Home, West Paris. He works every night except Tuesday from 9:30-7:30 and every other Sunday from 6:00-2:30.

Most of his cooking is done on Sunday, when he cuts up meat and makes potato and gravy. At night he makes biscuits and salads, and does things like serving up the different meals. At the nursing home the patients have various diets, and Jay has to make sure, for example, that people on salt-free diets aren't served salted food. He has had to learn about the diets and what food can be served and why.

After supper Jay cleans up the kitchen, washes pots and pans, cleans up the steam table, and cleans and polishes the sink. He sweeps and washes the floor each night, and takes out the garbage. If he has any spare time he helps the girls finish up in the dish room. Patty Thurlow supervises.

Jay has had this job since September, and I hear that he has taken over the kitchen. He says his favorite thing to cook is "everything and anything".
